Forecast for Saturday 29 Aug 2020

Weather: Partly cloudy skies and isolated light rain showers during the early hours and at first on Saturday morning. The showers will largely fade away mid-morning onwards, but the odd light one may develop again in the afternoon and early evening. Becoming dry with clear periods on Saturday night. Breezy throughout the day, making it feel cold on the higher routes.

Chance of cloud free mountain/hill tops above 800m: 90% or better throughout the day, with only patchy cloud near 900m in any showers.

Visibility: Generally excellent with clear views of distant hills, and only brief deteriorations in any showers.

Meteorologist's View

The strong northerly winds during the morning and afternoon will make it feel cold on the higher routes, and additional layers of clothing may be needed for warmth.

Forecast for Sunday 30 Aug 2020

Weather: It will be a cold start to the morning, then apart from a low risk of an isolated light rain shower it should be a dry day with sunny spells.

Maximum wind: North to northeast 20mph gust 30mph.

Chance of cloud free mountain/hill tops above 800m: 100% with cloud clear of the summits throughout the day.

Visibility: Excellent with clear views of distant hills.

Temperature: **Valleys:** Plus 3 Celsius becoming Plus 14 Celsius.
At 800m: Plus 6 Celsius.
Freezing level: Above the summits.
